

The 18th International Conference on Composite Materials (ICCM18)

Title: ICCM18 (The 18th International Conference on Composite Materials)

Date: August 21th (Sun) – 26th (Fri), 2011

Venue: ICC Jeju, Korea

Host: The Korean Society for Composite Materials

Theme: Composite Materials: Key to the Future

Scale: About 1,000 attendees from 40 countries (overseas 500 / domestic 500)

Invitation: It is a great pleasure to inform you that the 18th International Conference on Composite Materials (ICCM18) will be held from August 21st to 26th in Jeju, Korea. As one of the most highly acclaimed meetings in the field of composite materials, it takes place biannually in different countries all over the world, with the most recent ones being held in Kyoto, Japan (2007) and Edinburgh, UK (2009). I am truly glad to host such a big event on the beautiful Island – Jeju.

This year, the organizing committee has chosen “Composite Materials: Key to the Future” as the main theme of the conference, with a focus on the latest developments and trends, as well as the future outlook of the field of composite materials.

We are gearing up for an exciting and informative conference program including plenary lectures, symposia, workshops on a variety of topics, poster presentations and various social programs for over 1,000 participants from around the world.

We hope you will join us at the ICCM18 and have a meaningful time with all the global scholars. All members of the ICCM18 Organizing Committee look forward to meeting you in Jeju, Korea.
